Biography

I grew up in Bex. My whole family is enthusiastic about sports and we often went cross-country skiing. As a child, I was always out in the snow with my little brother. It quickly became clear to me that I wanted to become a top cross-country skier. At the age of 16, I decided to do my Swiss baccalaureate at the Sport-Gymnasium in Davos in order to have the best possible training conditions. It was hard to leave the whole family and all my friends. As a French speaker in German-speaking Switzerland, I hardly understood a word for the first five months. Today, I am grateful to be able to converse in German without any difficulty. After the Swiss baccalaureate, I completed the basic military training which I really enjoyed. My grandfather was a military attaché in Egypt and he passed on his attitude to safety to me. I started training as a border guard in 2015. My work allows me to draw on all my experience from sport under the motto: „I will not give up until I have achieved my goals". I can adapt and adjust quickly to changing situations. My ultimate goal is an Olympic medal and I am willing to work hard to achieve this. Thanks to the support I receive from the Federal Office for Customs and Border Security, I am getting closer to this goal.

Achievements

Best achievements
