

# FOEN - Plant protection products Export

## 1. General

### 1.1 The issue at hand

Plant protection products are hazardous for the environment, which is why their use is regulated. An authorisation from the [FOEN](#) is mandatory in order to export plant protection products that are not authorised in Switzerland. It is prohibited to export plant protection products that are considered to be particularly hazardous in terms of human health or the environment.

### 1.2 Basis and information

- Chemical Risk Reduction Ordinance (ORRChem; [SR 814.81](#)); Annex 2.5
- [List](#) of active substances subject to a licence

### 1.3 Reference in Tares

Tariff items that are relevant under environmental law contain the note "Authorisation obligation: FOEN-PPP-E".
